Summary

Hello, I'm Om Prakash Mahato, an ambitious individual dedicated to continual growth and learning. I have a solid foundation in the basics of Python, Django, Java, and Android development. I am actively exploring Web development and Android development to stay abreast of industry trends. I take pride in my hands-on approach, evident in projects like building an article-posting website (<http://ommahato.com.np/>) using wordpress. Embracing diversity and aiming for a global impact, I am eager to connect, collaborate, and explore new opportunities. Let's connect and chart a course for success together!

Experience

Teacher

Hamro Pathsaala

Apr 2023 - Oct 2023 (7 months)

Dedicated and passionate educator with six months of experience teaching at Hamro Pathsaala School. Committed to fostering a positive and engaging learning environment that supports student growth and development. I am proficient in implementing innovative teaching strategies to cater to diverse learning styles and abilities. Skilled in creating dynamic lesson plans, utilizing technology effectively, and establishing strong relationships with students, parents, and colleagues. Continuously striving for professional development to enhance teaching practices and contribute positively to the educational community.
